EW Tipping Foundation is one Victoria's largest and fastest-growing NFP community organisations. The Foundation supports more than 2000 people with a disability and their families across Victoria and the Riverina.

The Foundation is seeking a CEO to continue and build on its outstanding track record of success and social change. The new CEO will enjoy a significant executive remuneration package, as well as the rewarding benefits of making a profound difference in the community.

Reporting to a skilled and passionate Board, this position will see you utilising well-developed infrastructure to provide strategic advice and inspiring leadership to a team of 2000 staff across Victoria. Key to your success will be your ability to advocate with government and uphold the Foundation's values and mission. In a time of transition in the community sector, you will have the opportunity to lead significant change.

You are a highly regarded ethical, influential, visionary leader with a record of motivating and engaging internally and externally. You possess sound business and strategy skills. You have an unwavering commitment to continuous improvement, inspiring creativity, and making a unique and rewarding difference for thousands of people every day.
